

## Luchador Masks

Mexican wrestler masks, well constructed with foam lining and lace-up closure. Good quality reproduction masks direct from Mexico.

**FIT:** The masks are 'one-size' and there is some variation, but they generally fit most adults. The lace-up closure can be loosened or tightened for some adjustment in size and fit. If your hat size is 7 3/4 or above (62 metric) you may have difficulty fitting into some masks.

Some of the masks listed here are noted with an XL. These EXTRA LARGE masks (Angel Azteca, Nacho, Ramses, Santo, Ultimo Dragon, and Ultimo Guerrero fit hat sizes 8 and above) are very accommodating and may prove too large for the average wearer.

Masks noted with an F, for female, and ones made of spandex run even smaller than average.

We will do our best to make sure you get the mask you want. (If you are going to be at GenCon we can certainly make arrangements for you to try a number of choices and make a decision there.) Barring size issues there are occasionally availability issues. If a mask is currently unavailable please note an acceptable alternative.

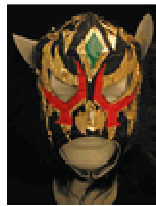

Also this reward can be included with any other reward level for an additional \$20.
